Dear Parent/Carer

**Re: Careers Web**

At Arnold Hill we are dedicated to providing your children with outstanding careers provision during their time at Arnold Hill. This is done through our careers education programmes that are imbedded into curricular lessons, our 'Bright Future' Bright Days, assemblies, engagement with outside employers and help and support with the option process at KS3 and support for pupils with deciding on their post 16 and 18 options.

At Arnold Hill we are not only dedicated to supporting your children with careers education, information, advice and guidance but we also understand that it is important for you to have conversations about careers and aspirations with your children at home. Careers Web is a fantastic tool that you can use with your child to support them with careers information and advice and also to engage them in important conversations regarding their future destinations. The website includes videos linked to job profiles, interview skills and techniques, CV builders, personal statement support for UCAS applications, bursaries and finance, personality quizzes, skills and employability, Labour Market Information, work experience and help and support with the option process at KS3 and tools to support your child with deciding on their post 16 and 18 options.
