Dear Parent/Carer

**Re: Update on Satchel One Remote Lessons**

As you may be aware, we have started to welcome students back into school today from some year groups, the remaining year groups returning during the rest of this week. During this time, we will be continuing with an aspect of remote provision to support all students. Students class lessons in school will be available on Satchel One, this will be set as follows:

**Red tasks - Classwork tasks which run for a week.**

**Green tasks - Students homework tasks.**

Tasks will contain all of the resources which teachers have prepared for lessons. Students will be able to use this to support knowledge retention and understanding after the lesson. Should your child have to self-isolate, they can also access these lessons straight away.

Should your child need any support logging into Satchel One, please email

[satchelonehelp@arnoldhillacademy.co.uk](mailto:satchelonehelp@arnoldhillacademy.co.uk)

Thank you for your continued support with remote working, we will continue to log lessons this week on Satchel One to support the phased return of students.

Yours faithfully

Lisa Nicols  
Assistant Vice Principal
